

RTS16-OPEN / RTS16-CLOSED

Based off design used by G.F.STRONG

Raised Toilet Seat (2022 price) \$825 (including hardware)
Shipping from Vancouver Island is additional charge

- Finished padded seat thickness is 2" made up of:
 $\frac{1}{2}$ " high grade plywood base, 1" thick EVA foam for durability, plus $\frac{1}{2}$ " medium density viscoelastic foam top layer.
- Mounting hardware has 4 height settings allowing top of padded toilet seat to be $4\frac{1}{4}$ ", $5\frac{1}{4}$ ", $6\frac{1}{4}$ " or $7\frac{1}{4}$ " from top of toilet bowl.
- All foam and plywood is wrapped with a waterproof barrier before being upholstered with black 4-way stretch "All Sport Vinyl" and all edges sealed.
- Rust resistant brackets have slot to accommodate mounting to most toilet bowl shapes and are supplied with stainless steel fixings.
- OPEN and CLOSED models have the same seat surface dimensions except for the 3" gap at the front of the OPEN model. (see pictures below)
- Weight capacity 200lb

PLEASE NOTE regular flip up toilet seat needs to be removed to install this raised toilet seat.
